OVERVIEW

The following section presents the corridor strategies. These strategies are based on the corridor assessment for:

- Land Use and Zoning
- Housing
- Transportation
- Urban Design/Public Realm

Many issues resulted from the corridor assessment that not only applied to one particular neighborhood area but rather applied throughout the study area. As a result, this section proposes strategies to address the issues identified in the corridor assessment sections. To learn more about these strategies with respect to each neighborhood area, refer to Section V: Neighborhood Areas – Issues & Recommendations.
